Hepatitis Awareness Month: Explore Your Tax Dollars at Work

May 17, 2018 By Lucinda K. Porter RN

When looking for information about viral hepatitis, two of my favorite government-funded websites are the Centers for Disease Control and Prevention (CDC) and the Division of Viral Hepatitis at the U.S. Department of Health and Human Services (HHS).

Both agencies offer a great deal of information, and I encourage you to explore these sites. Here are a couple of links to get your started. I chose areas in these sites that links that will help you ramp up your involvement during Hepatitis Awareness Month:

Centers for Disease Control and Prevention (CDC):

- Viral Hepatitis Page
- Know More Hepatitis
- Viral Hepatitis Surveillance Information

Division of Viral Hepatitis at the U.S. Department of Health and Human Services (HHS):

- Partner Planning Guide
- Viral Hepatitis Blog

Share how you are helping to #StopHep @hepatitismag.
