# Hepatitis Awareness Month: Liver Cancer Connect

May 24, 2016 By Lucinda K. Porter RN

---

In observance of Hepatitis Awareness Month, I am posting to this blog daily, highlighting websites and organizations that are doing remarkable work educating the public, raising awareness, and making a difference in the lives of those affected by viral hepatitis. I suggest you visit each site, and find out what they are doing, how you can stay informed, and possibly help with their efforts.

In general, cancer deaths are declining, EXCEPT for death from liver cancer, which is rising.  Enter in Liver Cancer Connect, a program under the umbrella of the Hepatitis B Foundation. This site offers information about liver cancer, clinical trials and support for families. Liver Cancer Connect addresses the hard core reality that if we don't change the trajectory of viral hepatitis, liver cancer death rates will continue to rise.
