Hepatitis C: NO MORE DAYS!

September 7, 2015 By Grace Campbell

Pardon my excitement.

That's it for my Viekira Pak treatment. 168 days. Approximately 1100 tablets. I've turned off my pill reminder app, the alarm on my phone and emptied my Little Old Lady (tm) pill box.

Stick a fork in me, I'm done.

Now we wait. I might not get EOT tests for a week, so I won't have any results to post. No need to agonise for me. I'll be doing plenty of that on my own.

Here is is, the sad, lonely and EMPTY pill box.
