Send Hepatitis Awareness Media Alerts

May 18, 2015 By Lucinda K. Porter RN

In observance of Hepatitis Awareness Month, in May I am posting to this blog daily, suggesting ways to help raise awareness about issues surrounding hepatitis C.

Tomorrow is Hepatitis Testing Day. Send media alerts via Twitter and Facebook to local TV, radio, cable or newspapers to publicize hepatitis testing day. If you haven't yet signed up for Thunderclap, sign up today. Thunderclap is a tool that allows supporters to sign up in advance and share a unified message simultaneously across social media platforms to create a wave or "thunderclap." To use Thunderclap, you must have a Facebook, Twitter, or Tumblr account.

To participate in the Be #HepAware campaign, visit #HepAware Thunderclap to sign up, Thunderclap will post your message tomorrow,May 19, Hepatitis Testing Day.
