

# \$10K Goes A Long Way

April 11, 2017 By [NVHR](#)

---

The [National Viral Hepatitis Roundtable](#) (NVHR) is hosting a [webinar](#) on April 21, 2017 showcasing the work of our 2016 mini-grant projects! Join us to hear how these projects yielded big results on a modest budget.

We'll discuss:

What is being done about access to hepatitis C treatment in Puerto Rico?

How do you build a national media campaign in one year?

What does it take to get primary care to increase screening of at-risk patients for hepatitis C?

How can you involve residents in treating hepatitis C using telemedicine?

What does it take to establish a successful hepatitis C support group?

What is happening in southwestern Indiana to build support for syringe services programs?

During this webinar, you'll hear from NVHR's 2016 Mini-Grant awardees: [AIDS Resource Group of Evansville](#), [El Punto en la Montaña](#), and the [University of Utah](#). Each organization will provide a summary of their one-year project including findings, challenges, and lessons learned. The webinar will include an opportunity for discussion and audience question and answer.

National Viral Hepatitis Roundtable 2016 Mini-Grantee Webinar  
Friday, April 21, 2017, 1 pm Eastern
