

Blog about Hepatitis

May 26, 2015 By [Lucinda K. Porter RN](#)

In observance of Hepatitis Awareness Month, in May I am posting to this blog daily, suggesting ways to help raise awareness about issues surrounding hepatitis C.

Writing a blog is a way to increase hepatitis C awareness. Blogging is how we share the message of hope. I started a hepatitis C blog in January 2012. Now I write two blogs, this one and my original one at [LucindaPorterRN.com](#). Perhaps you'd like to start a blog? I love reading other Hep bloggers!

If blogging isn't for you, perhaps you might want to read some blogs and join the conversation by leaving a comment. Click [here](#) to read other blogs at Hep.
