Help-4-Hep Gives Help

May 5, 2016 By Lucinda K. Porter RN

In observance of Hepatitis Awareness Month, I am posting to this blog daily, highlighting websites and organizations that are doing remarkable work educating the public, raising awareness, and making a difference in the lives of those affected by viral hepatitis. I suggest you visit each site, and find out what they are doing, how you can stay informed, and possibly help with their efforts.

Sometimes you just need to talk to someone about hepatitis C. Perhaps you are newly diagnosed or your insurance company denied your hepatitis C treatment. Maybe you want to know about testing or how to prevent hepatitis C transmission. The peer counselors at Help-4-Hep can help with all of this, and more. Although their site provides good information, the best way to utilize Help-4-Hep is with the old-fashion telephone or new-fashion mobile. Call toll-free: 877 Help 4 Hep (877 435 7443)
