A Door Slams on Hepatitis C Treatment

September 29, 2015 By Greg Jefferys

29th September

Well its happened. Mesochem is now refusing to supply any APIs to individual persons.

Bang... door slams shut. Lucky for those who have got their meds... unlucky for those that have not.

12 hours later

Good News! I've found another source of Daclatasvir, more reliable and no hassles. Yay thanks to Ralph and a network of caring people!
