Louie’s Response

March 11, 2014 By Gemma Peppe

As promised I am posting Louie’s answer to the question of guilt.

Fiona asked Louie if he felt that I was to blame for giving him hep C and his answer (below) is very well thought out and eloquent.

I thought about posting this before when I was posting snippets to my Louie, Me and Hepatitis C Facebook page, but I thought it looked like blowing my own trumpet.

However, Louie demonstrates how we got through a very complex and emotionally charged time in our lives with a positive outcome.

And there he is with a fag and a pint!
