# Persevering through Treatment for Hepatitis C

December 13, 2013 By Connie M. Welch

---

This song speaks to the heart of anyone who is dealing with the challenges of treatment for Hepatitis C or any challenge of life.

For myself when I was worn out from treatment for Hep C, I would listen to the words of this song and visualize seeing the top of the mountain as I continued the climb. There were days when these were the only words I could pray, “Dear Jesus, I need your strength to carry on.” When we are give out and want to give up, God will provide the strength to keep pressing on. Rely on Him.

Trust in the Lord with all your heart and lean not on your own understanding; in all your ways acknowledge him and he will make your paths straight. Proverbs 3:5-6

The words breathe strength, encouragement and the call to perseverance as we press on.

Are you dealing with challenges from Hep C?
