

Raise Hepatitis Awareness with your Wallet

May 23, 2015 By [Lucinda K. Porter RN](#)

In observance of Hepatitis Awareness Month, in May I am posting to this blog daily, suggesting ways to help raise awareness about issues surrounding hepatitis C.

Here is an easy way to increase hepatitis awareness: send money to your favorite hepatitis C organization. No amount is too small. If everyone with hepatitis C donated ten dollars that would amount to nearly \$30 million dollars. 

Most hepatitis C organizations are doing big work with little money. An increased funding stream would help them do so much more than they are already doing. Let hepatitis C advocates know you appreciate them. If you can't spare any money, a simple "thank you" is still valuable.
